

SAMARTH KANAGI

Software Engineer

☎ +91-8010428570 | ✉ samarthkanagi.co@gmail.com | 🌐 Portfolio | 🔗 LinkedIn

Skills

Languages: Python, JavaScript, HTML5, CSS3

Database: MySQL, MongoDB

Frontend: React.js, Redux (Basics), Bootstrap 5, Tailwind CSS

Backend: Node.js, Express.js

Cloud & Deployment: Google Cloud Platform (GCP), Vercel, Render, Cloudinary, MongoDB Atlas

Tools: Git, GitHub, Postman, Linux/Ubuntu

Core Concepts: Data Structures and Algorithms (DSA), REST API Design, JWT Authentication

Experience

ScaleFull Technologies LLP

Dec 2025 – Jun 2026

Full Stack Web Developer Intern

Pune

- Engineered an AI-integrated full-stack web application utilizing **React.js**, **Node.js**, and **MySQL**, improving system scalability and data relational mapping.
- Implemented secure **JWT Authentication** protocols to safeguard user data and restrict unauthorized access.
- Designed and developed a comprehensive **Administrative Dashboard** for streamlined data monitoring and system management.
- Managed deployment workflows and backend services within a **Linux-based environment** to ensure consistent application uptime.

Projects

Internship Management System (InternStatus) | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS*

- Developed a multi-user internship onboarding platform facilitating seamless communication between educational institutions and corporate partners.
- Engineered custom role-based navigation and dedicated dashboard interfaces for **five user roles**: Student, Mentor, Faculty, Company, and Admin.
- Built scalable **RESTful APIs** for internship postings, secure application tracking, and real-time task management.
- Implemented role-based authentication and authorization to ensure secure access control and data privacy across the platform.

Blog Web Application (GUESS.com) | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS*

- Engineered a full-stack blogging platform utilizing the **MERN Stack**, implementing secure **JWT Authentication** and role-based access control to manage user sessions and permissions.
- Architected scalable **RESTful APIs** with **Node.js** and **Express.js**, integrating **MongoDB** to efficiently handle dynamic CRUD operations and user interactions.
- Optimized content discovery by developing advanced search functionality and dynamic category-based filtering, enhancing user engagement and site navigation.
- Integrated **Cloudinary** for media storage and managed deployment using **Vercel** and **Render**, ensuring high application availability and a responsive mobile-first user experience.

Certifications

- **Google Cloud Generative AI Fundamentals (2026):** Validated expertise in Large Language Models (LLMs), prompt engineering, and the practical application of Google Cloud AI infrastructure and Responsible AI frameworks.
- **IBM SkillsBuild AI Fundamentals (2026):** Demonstrated technical proficiency in core Artificial Intelligence architectures, encompassing Machine Learning, Deep Learning, and Neural Networks.

Education

Bachelor of Technology

Graduation: 2026

N B Navale Sinhgad College of Engineering, Solapur

CGPA: 8.56 / 10
